What is Aran Home Support Service?

Placing the needs of the person firmly at the heart of all we do, Aran Home Support is a unique service for older people with dementia and memory loss who are living at home. You may have noticed your spouse or parent becoming increasingly forgetful, or you may have just received a diagnosis of dementia. Aran Home Support has been set up to provide a high quality, dementia specific, culturally sensitive service to individuals and families where memory loss and dementia are adversely affecting daily life.

How the service works

- Available from Monday 9am until Friday 5pm, with visits lasting for a minimum of two hours.
- Thorough and detailed assessment of need carried out in your own home.
- Care plan devised together, monitored weekly, and reviewed every three months.
- Culturally sensitive workers carefully matched to the person with dementia.
- Suitable for those in the early stages of dementia and memory loss who wish to remain at home.
- All workers are DBS checked and receive excellent training.

What we can help you with

- We help the person with dementia retain their memory of how to do everyday tasks.
- We use reminiscence and life story to promote a sense of wellbeing and happiness.
- We assist with light housekeeping including meal preparation, baking, laundry, shopping, visits and much more.
- We provide much needed respite for family carers.

How to pay for the service

Though not for profit our service must pay for itself and so there will be a charge. You will be billed for the service monthly and can pay by Direct Debit, Credit or Debit Card, bank transfer, or cheque. Please note you may be eligible for Direct Payments from Leeds City Council to support you in purchasing these services. If you have any questions about Direct Payments contact **Adult Social Care on 0113 222 4401 (Monday to Friday, 9am to 5pm)** to ask for an assessment.

Aran - an exceptional service for people living with dementia
